

## Unit-1 Docker Practice

### Run Ubuntu container:

#### 1 Example 1 :

Windows PowerShell

Copyright (C) Microsoft Corporation. All rights reserved.

Install the latest PowerShell for new features and improvements! <https://aka.ms/PSWindows>

```
PS C:\Users\sr302> docker run -it -e COLLEGE=CSE ubuntu bash
```

```
root@e90a9039a58e:/# echo $COLLEGE
```

```
CSE
```

```
root@e90a9039a58e:/#
```

### Another Terminal Output

Windows PowerShell

Copyright (C) Microsoft Corporation. All rights reserved.

Install the latest PowerShell for new features and improvements! <https://aka.ms/PSWindows>

```
PS C:\Users\sr302> docker ps
```
